Page	Reference	Instruction
Cover	General	<p>These instructions are provided to help charter schools prepare the expenditure budget. Within the forms, blue font and light blue highlights indicate that an instruction is linked to that specific line. An instructions button has also been provided that links to any general instructions or to the first instruction for a page. The forms have been set to print without "objects" so that the instructions buttons do not print.</p> <p>The cells in the current year columns on the budget forms contain formulas that will bring forward budget amounts from the FY 2013 budget forms. However, the cells have not been protected so users may also enter the information manually. To bring forward amounts automatically, the most recently revised FY 2013 budget must be saved as budget13.xls in the C:\CSFORMS folder. If the file is not named budget13.xls, the formulas will not function properly. Excel will ask the user to update information when the budget14.xls file is opened. Users should review amounts reported in the current year column to ensure they agree to the school's most recently revised FY 2013 budget.</p>
Cover	CTDS Number	This cell will only accept entries of 9 digits. Do not include any slashes, dashes, etc. For school district-sponsored charter schools the last three digits will be 700 or greater and end in 5 or 0. All other charter schools enter your CTD number plus 3 zeros.
Cover	Version	<p>All information on the cover page must be completed/updated when the proposed, adopted, or revised budget is printed out for the Governing Board to sign. All information, excluding the Revenue information, must also be updated when the budget is revised.</p> <p>The version of the budget being submitted on the cover page is formatted with a drop down menu. Select the appropriate choice from the menu: Proposed, Adopted, or Revised (including the revision number). Only choices in the menu may be entered in the cell.</p>
Cover	Estimated Revenues	Estimated revenues by source for FY 2014 should be based on the best information available at the time the budget is prepared. Estimated revenues may be more or less than estimated expenses.
1	General	Depreciation expense should not be reported on the budget forms. In addition, purchases of capital assets (land and land improvements, site improvements, buildings and building improvements, equipment, and construction in progress) should not be reported in the budget forms except in the Capital Acquisitions section of page 2.
1	Program 200 and Program 300	Schools with known special education students and programs at the time of budget adoption should budget for expenses in program code 200 (and 300, if applicable).
